## CERTIFICATE OF ANALYSIS

|                              |                                           |
|------------------------------|-------------------------------------------|
| Name:                        | Tetrafluoro-4-(trifluoromethyl)thiophenol |
| CAS#                         | 651-84-3                                  |
| Lot.:                        | 34-16                                     |
| Qty.:                        | 300g                                      |
| Appearance:                  | Colorless liquid                          |
| Identification               | Confirm the structural                    |
| Boiling point °C             | 169                                       |
| Refractive index, $n_D^{20}$ | 1.4428                                    |
| Purity                       | 99.1%                                     |
